**Authorized Federal Supply Schedule Price List**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!™, a menu-driven database system. The INTERNET address for GSA Advantage!™ is: <http://www.GSAAdvantage.gov>.

# Professional Services Schedule/Consolidation (PSS)

**Federal Supply Group: CORP**

**Contract No. GS-00F-129CA**

Effective: May 6, 2015

(Solicitation No. FCO00CORP0000C, Refresh #21)

**For more information on ordering from Federal Supply  
Schedules click on the FSS Schedules button at**

**<http://www.gsa.gov/schedules-ordering>**

**Contract Period: May 11, 2015 - May 10, 2020**

1400 Crystal Drive, Suite 1400  
Arlington, Virginia 22202  
Telephone: 703-414-5016; Fax: 703-414-5027  
Web Site: [www.dac.us](http://www.dac.us)  
E-mail: [dana.ho@dac.us](mailto:dana.ho@dac.us)  
Contract Administration: Dana Ho  
Business Size: Small, Veteran Owned Business

In accordance with 13 C.F.R 121.404, the Contractor is ineligible to participate in any RFQ that is set aside for small business where the subject contract's awarded size status for the preponderance NAICS designated in the RFQ is "other than small".

## **CUSTOMER INFORMATION:**

**1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to item descriptions and awarded price(s):**

SIN	Recovery	SIN Description
871-1	871-1RC	Strategic Planning for Technology Programs/Activities
871-2	871-2RC	Concept Development and Requirements Analysis
871-3	871-3RC	System Design, Engineering and Integration
871-4	871-4RC	Test and Evaluation
871-5	871-5RC	Integrated Logistics Support
871-6	871-6RC	Acquisition and Life Cycle Management
874-1	874-1RC	Integrated Consulting Services
874-7	874-7RC	Integrated Business Program Support Services
874-501	874-501RC	Supply and Value Chain Management
874-503	874-503RC	Distribution and Transportation Logistics Services
874-507	874-507RC	Operations & Maintenance Logistics Management and Support Services

**1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. Not applicable**

**1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. See Labor Category Descriptions below.**

**2. Maximum Order:** \$1,000,000.00

**3. Minimum Order:** \$100.00

**4. Geographic Coverage (delivery Area):** Domestic only

**5. Point(s) of production (city, county, and state or foreign country):** Same as company address

**6. Discount from list prices or statement of net price:** Government net prices (discounts already deducted).

**7. Quantity discounts:** None Offered

8. **Prompt payment terms:** Net 30 days *Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.*
- 9a. **Notification that Government purchase cards are accepted at or below the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Will accept over \$2,500
10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. **Expedited Delivery. Some items are available for expedited delivery in this price list.**  
Please contact Contractor.
- 11c. **Overnight and 2-day delivery.** Please contact Contractor.
- 11d. **Urgent Requirements.** Please contact Contractor.
12. **F.O.B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as above
- 13b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's), and a sample BPA can be found at the GSA/FSS Schedule homepage ([fss.gsa.gov/schedules](http://fss.gsa.gov/schedules)).
14. **Payment address(es):** Same as above
15. **Warranty provision:** Not Applicable
16. **Export Packing Charges (if applicable):** Not Applicable
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** Not Applicable
19. **Terms and conditions of installation (if applicable):** Not Applicable
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** Not Applicable

- 20a. Terms and conditions for any other services (if applicable):** Not Applicable
- 21. List of service and distribution points (if applicable):** Not Applicable
- 22. List of participating dealers (if applicable):** Not Applicable
- 23. Preventive maintenance (if applicable):** Not Applicable
- 24a. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** Not Applicable
- 24b. Section 508 compliance:** Not Applicable.
- 25. Data Universal Numbering System (DUNS) number:** 036593457
- 26. Notification regarding registration in System for Award Management (SAM) database:** Registered
- 27. Final Pricing:** The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

**Service Contract Act:** The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Consolidated Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

**PES/LogWorld Labor Category Descriptions**  
**(SINs 871-1, 871-2, 871-3, 871-4, 871-5, 871-6, 874-501, 874-507)**

**Admin Level I:** High School diploma or appropriate education/work experience for tasks assigned. Performs a range of clerical duties in support of technical and administrative personnel.

**Admin Level II:** BA or equivalent experience and a minimum of 3 years providing administrative support to technical and management level personnel using various word processing, spreadsheet, database and other software applications.

**Admin Level III:** BS/BA or equivalent experience plus a minimum of 5 years related work experience. Supervises administrative functions and staff and provides a range of mid to high level support to technical and management personnel using various word processing, spreadsheet, database and other software applications.

**Associate Physical Engineer/Associate Systems Analyst:** BS or equivalent experience plus up to 5 years related work experience. Under frequent supervision, performs a variety of system design and development activities within a project. Provides technical support to engineers and senior level engineers.

**Physical Engineer:** BS or equivalent experience plus a minimum of 5 years related work experience or PhD. Works under general supervision of Sr. Engineers and applies developed skills and knowledge to perform a variety of system design and development activities.

**Systems Analyst:** BA or equivalent experience plus a minimum of 5 years related work experience or PhD. Works under general supervision of Sr. Analysts and applies developed skills and knowledge to perform a variety of analytical tasks.

**Lead Engineer I:** BS/BA or equivalent experience plus 10 years related work experience or advanced degree plus 7 years related work experience, including 2 years management experience. Provides leadership and management of a broad range of technical efforts within a specific project exercising independent judgment in the performance of all duties.

**Lead Engineer II:** BS/BA or equivalent experience plus 15 years related work experience or advanced degree plus 12 years related work experience, including 4 years of management experience. Provides leadership and management of a broad range of technical efforts exercising independent judgment and providing high level analytical solutions to complex or unusual technical or management problems.

**Lead Analyst I:** BA or equivalent experience plus 10 years related work experience or advanced degree and 7 years related work experience, including 2 years management experience. Provides leadership and management of a broad range of analytical efforts within a specific project exercising independent judgment in the performance of all duties.

**Lead Analyst II:** BA or equivalent experience plus 15 years related work experience or advanced degree plus 12 years related work experience, including 4 years of management experience. Provides leadership and management of a broad range of analytical efforts exercising independent judgment and providing high level analytical solutions to complex or unusual technical or management problems.

**Sr. BMDO Analyst:** Advanced degree and 20 years BMDO related experience, and 5 years' experience at the Sr. Executive level. Duties may include but are not limited to providing high-level technical expertise to BMD Program Leads related to acquisition strategy & reform.

**BMD Lead Engineer:** Advanced degree and 20 years BMDO related engineering experience or 15 years BMDO related engineering experience and advanced degree. Duties may include but are not limited to leading detailed engineering studies of BMD systems, conducting architecture analyses, and providing systems analysis/modeling of simulation expertise.

**BMD Program Analyst:** Advanced degree and 20 years BMDO related experience or 15 years BMDO related experience and advanced degree. Duties may include but are not limited to providing high level analysis of BMD programs such as program management, strategic planning, and budget analyses.

**Senior Systems Analyst:** BA or equivalent experience plus 20 years related work experience or advanced degree plus 15 years related work experience, including 4 years of management experience. Manages large projects covering a broad range of complex analytical tasks which require highly specialized and diverse knowledge.

**Senior Physical Engineer:** BS or equivalent experience plus 20 years related work experience or advanced degree plus 15 years related work experience, including 4 years of management experience. Manages large projects covering a broad range of complex technical tasks which require highly specialized and diverse knowledge.

**Senior Physical Engineer Manager:** BS plus 25 years related work experience or advance degree and 20 years related work experience to include 5 years management experience. With lead program responsibilities, manages large technical projects requiring highly specialized and diverse knowledge and is responsible to top management.

**Senior Specialty Engineer:** Advance degree and 25 years related work experience to include management experience at the senior executive level. Provides highly specialized consulting and leadership to large programs or projects requiring complex technical knowledge.

**Project Manager I:** BA/BS or equivalent experience plus minimum of 5 years related work experience or advanced degree. Responsibilities include but are not limited to, managing all aspects of projects, such as ensuring adherence to project schedules, efficient use of resources, and project completion. Usually works under supervision of program manager or senior technical director.

**Project Manager II:** BA/BS or equivalent experience plus minimum of 10 years related work experience or advanced degree and 5 years of related work experience. Responsibilities include but are not limited to managing all aspects of projects, such as ensuring adherence to project schedules, efficient use of resources, and project completion.

**Project Manager III:** BA/BS or equivalent experience plus minimum of 20 years related work experience or advanced degree and 15 years of related work experience. Responsibilities include but are not limited to managing all aspects of projects, such as ensuring adherence to project schedules, efficient use of resources, and project completion.

**Program Manager I:** BA/BS or equivalent experience plus minimum of 5 years related work experience or advanced degree. Responsibilities include but are not limited to, providing technical expertise and leadership abilities to manage large-scale, programs or projects.

**Program Manager II:** BA/BS or equivalent experience plus minimum of 15 years related work experience or advanced degree and 10 years of related work experience. Responsibilities include but are not limited to, providing technical expertise and leadership abilities to manage large-scale, programs or projects.

**Program Manager III:** BA/BS or equivalent experience plus minimum of 25 years related work experience or advanced degree and 20 years of related work experience. Responsibilities include but are not limited to, providing technical expertise and leadership abilities to manage large-scale, programs or projects.

**Associate Research Analyst:** BA or equivalent plus minimal experience. Responsibilities include but are not limited to, supporting technical programs through research, writing reports and analysis, in addition to administrative tasks such as filing, typing documents, and various other clerical assignments.

**Program Analyst I:** BA or equivalent experience plus minimum of 1 year related work experience. Responsibilities include but are not limited to, providing analytical expertise using highly developed skills in support of various tasks and offers solutions to technical or managerial problems.

**Program Analyst II:** BA or equivalent experience plus minimum of 6 years related work experience or advanced degree and 1 year of related work experience. Responsibilities include but are not limited to, providing analytical expertise using highly developed skills in support of various tasks and offers solutions to technical or managerial problems.

**Program Analyst III:** BA or equivalent experience plus minimum of 12 years related work experience or advanced degree and 7 years of related work experience. Responsibilities include but are not limited to, providing analytical expertise using highly developed skills in support of various tasks and offers solutions to technical or managerial problems.

**Subject Matter Expert I:** BA or equivalent experience plus minimum of 10 years related work experience or advanced degree and 5 years related work experience. Responsibilities include but are not limited to, providing technical knowledge and expertise in a specific area of interest. This may include supporting the development, testing and evaluation of products or services in a specific technological area.

**Subject Matter Expert II:** BA or equivalent experience plus minimum of 15 years related work experience or advanced degree and 10 years related work experience. Responsibilities include but are not limited to, providing technical knowledge and expertise in a specific area of interest. This may include supporting the development, testing and evaluation of products or services in a specific technological area.

**Subject Matter Expert III:** BA or equivalent experience plus minimum of 20 years related work experience or advanced degree and 15 years related work experience. Responsibilities include but are not limited to, providing technical knowledge and expertise in a specific area of interest. This may include supporting the development, testing and evaluation of products or services in a specific technological area.

**Business Specialist I:** Associates degree plus 2 years administrative experience or high school diploma plus minimum of 5 years administrative experience. Responsibilities include but are not limited to, performing administrative tasks such as filing, typing documents, and various other clerical responsibilities as assigned.

**Business Specialist II:** BA or equivalent work experience plus minimum of 3 years related work experience. Responsibilities include but are not limited to, providing administrative support to management and technical personnel in areas such as business administration, program control, finance, and human resources.

**Business Specialist III:** BA or equivalent work experience plus minimum 5 years of related work experience or advanced degree. Responsibilities include but are not limited to, providing administrative support to management and technical personnel in areas such as business administration, program control, finance, and human resources.

**Business Specialist IV:** BA or equivalent work experience with minimum 10 years related work experience or advanced degree with minimum of 5 years related work experience. Responsibilities include but are not limited to, supervising administrative staff and providing leadership and managerial support to technical personnel in areas such as business administration, program control, finance, and human resources.

**Technical/Graphics Editor I:** BS/BA or equivalent work experience with minimum 1 year's related work experience or advanced degree. Responsibilities include but are not limited to, revising and editing technical documents and providing graphics support for deliverables.

**Technical/Graphics Editor II:** BS/BA or equivalent work experience with minimum 6 years related work experience or advanced degree with minimum 1 year related work experience. Responsibilities include but are not limited to, revising and editing technical documents and providing graphics support for deliverables.

*Note: 4 years of general experience is considered equivalent to a Bachelor's degree and 5 years general experience plus BA/BS is equivalent to a Master's Degree.*

### **MOBIS Labor Category Descriptions**

**Administrative Analyst:** 10 years providing programmatic and executive administrative analyst support to technical and management level personnel and bachelor's degree preferred. Duties may include, but are not limited to: scheduling meetings, making travel arrangements, and maintaining files. Performs analytical tasks either independently or as part of a team. Assists in the preparation of a variety of reports, assessments, or evaluations.

**Admin Level I:** Minimum of one year clerical/administrative support to MOBIS technical and management level personnel and high school diploma or equivalent degree program.

**Admin Level II:** Minimum of 3 years providing administrative support to technical and management level personnel and bachelor's degree.

**Associate Consultant:** BS/BA and up to 5 years MOBIS related experience providing consulting support to MOBIS specific areas or up to 5 years' experience in a technical domain necessary to support the MOBIS customer requirements under close supervision.

**Analyst Consultant:** BA degree and a minimum of 5 years MOBIS related experience providing consulting support to MOBIS specific areas under general supervision.

**Engineer Consultant:** BS degree and a minimum of 5 years MOBIS related experience providing consulting support to MOBIS specific areas or 5-10 years' experience in a technical domain necessary to support the MOBIS customer requirements under general supervision.

**Lead Consultant I:** BA/BS degree and 10 years MOBIS related experience or 7 years' experience and a graduate degree. Provides managerial and technical leadership supporting a broad range of MOBIS specific projects.

**Lead Consultant II:** BA/BS degree and 15 or more years' experience or a graduate degree and 12 years' experience. Provides managerial and technical leadership in support of a broad range of MOBIS specific projects which require specialized and diverse knowledge.

**Functional Analyst Consultant:** BA/BS degree and 8 or more years' experience or a graduate degree and 5 years' experience preferred. Provides insight into analyses and supports of a broad

range of projects which require specialized and diverse technical knowledge. Duties may include, but are not limited to: program specific analytical or functional support.

**Engineer Consultant II:** 10 years business consulting related experience and a BA degree or a minimum of 3 years business consulting related experience a graduate degree preferred. Provides various types of engineering, management, and/or technical consulting support to projects that require applications of knowledge engineering practices or tools. Requires the ability to plan and carry out complex projects to completion and extensive knowledge of concepts, practices, and procedures. Duties may include, but are not limited to: strategic planning, program support, and program assessments.

**Executive Analyst Consultant:** Senior BA degree and 12 years related experience or a graduate degree and 7 years of experience preferred. Expert with extensive knowledge and experience developing and applying analytic methodologies and principles. Provides highly specialized consulting support to specific areas. Duties may include, but are not limited to: strategic planning, program support, and program assessments.

**Senior Executive Analyst Consultant:** BS and 20 or more year's related experience or a graduate degree and 15 years related experience preferred. Senior expert with extensive knowledge and experience who serves as a technical or expert resource on a task. Generally takes technical leadership role or is responsible for more complex tasks. Duties may include, but are not limited to: developing and applying analytic methodologies and principles.

**Executive Engineer Consultant:** Senior expert with a BA/BS degree and a minimum of 15 years related experience or a graduate degree and 7 years of experience preferred. Provides various types of engineering and/or technical consulting support to projects that require applications of knowledge engineering practices or tools. Duties may include, but are not limited to: program support, systems engineering, and program assessments.

**Senior Analyst Consultant:** BA/BS and 20 or more years of MOBIS related experience or graduate degree and 15 years MOBIS related experience. Manages large projects covering a broad range of MOBIS specific areas which require highly specialized and diverse knowledge.

**Senior Engineer Consultant:** BS and 20 or more years MOBIS related experience or a graduate degree and 15 years MOBIS related experience. Manage large technical MOBIS specific projects which require highly specialized and diverse knowledge.

**Executive Consultant:** BS/BA and minimum of 20 years' experience in MOBIS related areas to include a minimum of 3 years' experience consulting at the senior executive level in MOBIS specific areas and 15 years of Government service or directly supporting Government or commercial corporate experience. Responsible to management for specialized consulting and technical leadership.

**Senior Executive Consultant:** BS/BA and minimum of 20 years' experience in MOBIS related areas to include a minimum of 7 years consulting at the senior executive level and a minimum of 15 years of Government service or directly supporting Government or commercial corporate experience. Responsible to highest level of management for specialized consulting and technical leadership.

**Senior Executive Engineer Consultant:** Senior expert with a BS/BA and minimum of 20 years' experience in related areas, or a Master's Degree and 15 years of experience, or a Doctorate Degree and 7 years of experience, including a minimum of 3 years' experience consulting at the senior level in specific areas and/or 15 years of Government service or directly supporting Government or commercial corporate experience preferred. Serves as a technical or expert resource on a task. Generally takes technical leadership role. Duties may include, but are not limited to: providing leadership for engineering of systems, system elements, interfacing systems, components, devices, and/or processes.

**Reliability, Availability, and Maintainability Consultant 1:** BS degree in engineering and related experience preferred. Possesses the capabilities and expertise related to engineering methods and reliability in order to perform task under general supervision. Duties may include, but are not limited to: applying reliability engineering principles to maintain and improve quality of products or systems.

**Reliability, Availability, and Maintainability Consultant 2:** BS degree in engineering or equivalent plus a minimum of 8 years of related experience or graduate degree with 5 years' experience preferred. Possesses the capabilities and expertise related to engineering methods and reliability in order to perform task under limited supervision. Duties may include, but are not limited to: applying reliability engineering principles to maintain and improve quality of products or systems.

**Reliability, Availability, and Maintainability Consultant 3:** BS degree in engineering or equivalent plus a minimum of 15 years of related experience or MS degree with 8 years' experience preferred. Possesses the capabilities and expertise related to engineering methods and reliability in order to perform task under minimal supervision. Duties may include, but are not limited to: applying reliability engineering principles to maintain and improve quality of products or systems.

### **LogWorld Labor Category Descriptions (SIN 874-503)**

**Program Manager:** BA, minimum 5 years professional experience, minimum 2 year program management experience preferred. Manages multiple projects and day-to-day coordination of contract activities such as planning and development of logistics. Manages all interaction with clients.

**Requirements Analyst:** BA, minimum 5 years professional experience, minimum 1 year requirements development experience preferred. Demonstrates proficiency in logistics development life cycle. Communicate with customers and users to determine their transportation and logistical requirements.

**Business Analyst:** BA, minimum 1 year professional experience preferred. Demonstrates proficiency in logistics analysis through planning and implementing transportation processes. Provides inputs to Program Manager for reports and deliverables as required.

**Senior Software Engineer Planning:** BA, Minimum 10 years professional experience, 4 years logistical planning preferred. Designs, develops, and plans the mechanical aspects of distribution and routing. Specialized knowledge and expertise of logistics engineering and integrated logistics support.

**Optimization Modeler Planning:** BA, minimum 7 years professional experience, 3 year logistical experience preferred. Develops and integrates distributions through process modeling and analysis. Specialized knowledge and expertise location modeling and location optimization.

**Senior Software Engineer Planning:** BA, Minimum 5 years professional experience, 2 years logistical planning preferred. Designs, develops, and plans the mechanical aspects of distribution and routing. Specialized knowledge of logistics engineering and integrated logistics support.

**Technical Expert 1:** BA, minimum 10 years' experience in subject matter area or highly specialized domain expertise in problem area to include, but not limited to, providing logistics support for major systems or conducting logistics analyses.

**Technical Expert 2:** MA, minimum 15 years' experience preferred. Nationally recognized expert in problem area to include, but not limited to, providing logistics support for major systems or conducting logistics analyses.

**Technical Expert 3:** MA, minimum 20 years' experience in optimization preferred. Must be a nationally recognized expert in subject area to include, but not limited to, providing logistics support for major systems or conducting logistics analyses.
